The Editorial Board is pleased to announce the Call for Papers for the first issue of the newly founded Düsseldorf Student Economic Review. We cordially invite all students to submit seminar and project papers as well as theses. The DSEr offers HHU students the opportunity to gain significant early recognition for their academic work through publication on the DICE homepage and on [IDEAS](#), the largest bibliographic database of economic publications. To support young academics in particular, we reserve 50% of the issue for bachelor students.
